**NOBLE THREADS**

Noble Threads is a dedicated and dynamic garments buying house and sourcing partner based in Bangladesh, committed to delivering high-quality solutions to global fashion brands and retailers.

Established in [2025], Noble Threads has built a strong reputation for excellence in product development, sourcing, and merchandising across the textile and apparel industry. We specialize in connecting international buyers with reliable and compliant manufacturing partners in Bangladesh — one of the world's leading hubs for ready-made garments.

**Eminence Accessories Factory**, we specialize in creating high-quality, stylish, and durable accessories that cater to a wide range of needs. Established in 2016, our factory is located in Gazipur, and we have been a trusted name in the accessory manufacturing industry for over 10 years. Our commitment to excellence, innovation, and customer satisfaction is at the core of everything we do.

## VALUES

**Team is the owner**=Internal strategy to run the process as ownership toward all employees. We all get the benefit of ownership in the business.

**Excellence**=We go all-out to excel in every aspect of our business and approach every challenge with a determination to succeed.

**Social Responsibility**=We care for the future generation of our beloved country. Our Environment care is always ensured by green technology and management.

**Partnership**=We believe and work as a partner with all of our vendors and customers. We always focus on long term goals instead of short term achievement.

## VISION

### Responsibility to the Customers:

The primary reason for us to exist is to serve our customers. We do this by ensuring the delivery of the very best value to our customers.

### Responsibility towards Fellow Associates:

A company is only as good as its employees. We know that we are capable of delivering the best value because of our investment in the best employees and associates.

### Responsibility towards our community and environment:

We invest in CSR activities that will improve the lifestyle and conditions of our own people and those of our external community

## MISSION

To keep setting an example by excelling in responsible and efficient operations focused on the creation of value

# HOW WE WORK

- Sourcing the right material at the right price.
- Prepare samples with involvement and combination of merchandising, sourcing, R&D, wash technician and quality team to ensure that samples meet exact requirements to fulfill the next step.
- Separate production teams always monitor in-house material and production right time.
- Our own technician always monitors the washing at the washing factory to make sure washing is happening perfectly for shade, measurement, hand feel and other processes.
- Sufficient members of the quality team always present and monitor the factory on time of sewing, finishing and packing to ensure the quality.
- The Logistics and commercial department work closely with forwarders, customers and vendors to meet the exact ETA, documentation and payment.

## Our Capabilities & strength

We source right vendors for the product

Wide range of listed suppliers working as business partners.

Enough members on the merchandising and quality department to balance work and personal life.

Finance facility to supplier.

Own sample design development department with sample section.

Own units of fabric mills in China.

# We do think differently & proactively

## WE ACT AND DECIDE THROUGH CUSTOMERS' EYES

### Vendor KPI

Compliance, on time delivery and quality

### Sustainable business relationship

We believe in long term mutually beneficial business relationship with transparent and ethical commerce

### Employee engagement

Our team is our strength and we invest on team members to enrich team expertise to grow together

### Market trend analysis

We scrutinize market trends of fabric, color and style by attending different fair and consult with trend analysis companies.

### Price competitiveness analysis

We analyze the product, production efficiency, product reengineering to ensure competitive price.
